

## New courses available!

Would you like to improve your **Maths** and **English** skills?

We have a brand new course starting on Wednesday 25<sup>th</sup> February 2015 running up until July. The morning session is Maths with a separate English session in the afternoon. Why not come for both?

Would you like to find out about your local **community**?

On Thursday 26<sup>th</sup> and Friday 27<sup>th</sup> February we shall be starting our next Community Project. Why not come to one or both days and learn about volunteering, making things to sell and getting out and about.
