What this document is for

We believe everyone should have the same chances to live the life they choose

We put together the [Social Care Charter](#) with the people we support. The [Social Care Charter](#) tells everyone what people want to be able to live the life they choose.

5

The people we support decided on 5 things they believe are the most important. We call these [pledges](#).

We want MPs to sign up to the [Social Care Charter](#). MPs that sign will be agreeing to think about what is important to you when making decisions about your support.

If you agree with the [Social Care Charter](#) we want you to sign it and share it with others.
